Smart
TOOL

Controlled Denesting

Depending on the tray type, the INTRAY Smart Tool has a denesting capacity of up to 200 trays per minute. Moreover, it is servo-driven which secures complete control over speed and power.

Easy Tray Change

The Smart Tool only weighs 12 kg/26 lbs, and it can easily be removed in less than 30 seconds after which a new Smart Tool can be inserted in the same time. So, the production stop to restart takes no more than 1 minute, keeping the downtime to a limit.

Hygienic Design

The patented open system ensures a completely clean Smart Tool where all parts can be thoroughly cleaned.
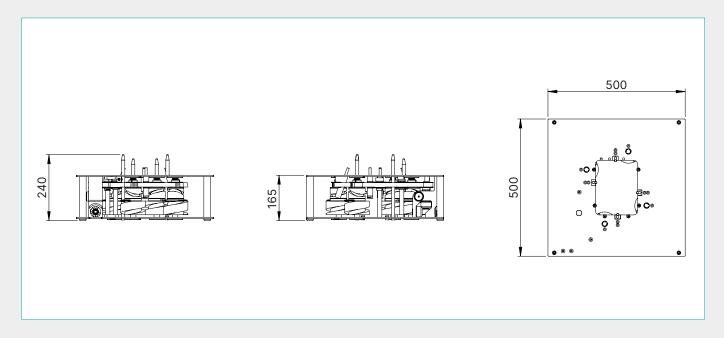

CUSTOM-MADE FOR YOUR TRAY
